Reasons for comment:

- Other
- Overdevelopment
- Privacy Light and Noise
- Trees and Landscaping

Comments: This area of land is very special to all people especially walkers the balance it provides to our well being is immeasurable, many types of wildlife life live within this area or use the area as passage through to other areas where they can continue to be wild, the idea of more house building can only mean over development also more direct noise including light pollution which can only be harmful.
The idea of building here will act as an enabler attracting more building application even though this area is not part of the Henfield Neighbourhood Plan if this application is Sanctioned we will be poorer for it due to the loss of wildlife plus also the above mentioned items.

Kind regards
