Customer Details

Address: Malt Mayes, Northlands Rd Warnham, Horsham

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment
Comments:	When has a traveller site ever stuck to the numbers agreed? Eg Clemsfold shanty town, whose population is unknown. Ditto Buck's Green. Ditto Rusper.. Where are the provisions for water supply, sewage management, waste disposal and power? If they intend to integrate locally, who has estimated the impact on medical, educational and social services? If they don't, which is

almost certainly the case, why should local tax payers sustain them through council tax, which the "travellers" certainly won't be paying.

Will the council undertake to remove swiftly vehicles and caravans brought in over and above any agreed limits? What about abandoned and derelict vehicles?

I am well aware that you want to keep all objections to "facts", but we all know perfectly well that the above objections are what will happen, as they have at the above sites. Over years the council has appeased this sort of application to the point where we have increasing numbers of unaccountable, offgrid shanty villages, whose inhabitants are effectively supported by local taxpayers. Not to mention the omnipresence of fly tipping, the increase in local traffic, and the disruption of local harmony.

And the latest convenient wheeze is the postponement or cancellation of local elections. So yes, my objection can be filed under "most strenuous".

Kind regards
