RECOMMENDATION:	No objection

SUMMARY OF COMMENTS & RECOMMENDATION: No objection

MAIN COMMENTS:

Horsham Denne Neighbourhood Council Tree Warden, Andrew Dickinson, has visited the site and his report is as follows:

All the trees in this application require some routine maintenance apart from the trees to be felled.

The Portuguese Laurel in the neighbour's garden can have all overhanging vegetation reduced back to their boundary fence.

The dead Conifer can be removed to ground level which will give the area a more open aspect.

The Yew tree has become very overgrown. The large crown area can be reduced by 2m overall and the crown raised. This will leave the tree in a well-balanced shape.

T1 – The Portuguese Laurel has some low growing vegetation which can be raised to a reasonable height. This will create an open aspect to the area.

T2 - The second Portuguese Laurel has outgrown the area it occupies so it can be felled to ground level which open up the area and allow space for further growth.

T3 – The Lawson Cypress tree has become too large for the area it occupies. Felling it to ground level will allow space for future planting.

Therefore, HDNC has **no objection** to this application.
