Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment - Privacy Light and Noise
Comments:	The proposed property would overlook the gardens of numbers 24, 25, 26 and 27 which currently have good privacy due to not having properties behind or to the side of them. Additional light pollution to these properties. Broadwood Close has a limited number of parking spaces which are already inadequate for the number of cars/houses, therefore an additional property with perhaps two extra vehicles would only make the situation worse.

I have concern regarding the limited access available to the plot for building machinery and materials and also the potential for damage to nearby fencing and pathways etc during construction.

Kind regards
