

The architectural drawings show a proposed two-story house. The front elevation (left) features a red brick roof, a white upper story with a double window and a single window, and a red brick lower story with a double window and a central door. A height dimension of 9048 is indicated on the left. The side elevation (middle) shows a white brick wall with a gabled roof and a small chimney. The rear elevation (right) shows a white brick wall with a gabled roof, a double window, and a door.
