Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other
Comments:	We recently bought house in Barns Green. One of our attractions to this area was that it was meant to be in a dark zone which is good for wild life. This includes all the different types of protected bats. Having all these new builds would ruin that. Barns green is a special village for many reasons. This includes many listed properties, rural areas which is important for wild life Please don't ruin the character of this village. Chapel Road is in the heart of the village and should not be congested with additional

traffic. The road is already busy and mostly a one lane road due to cars parking on it, so people can go to the local pub or only village shop. Additional traffic will cause mayhem and conjection.

Kind regards
