Commenter Type: Member of the Public

Stance: Customer made comments in support of the Planning Application

Reasons for comment: - Loss of General Amenity

Comments: As a grand parent who spends a good deal of my time in the community and as a member of the church, I feel it is extremely important that the project to refurbish the community playground be executed in all haste. Colgate desperately needs a safe place for children to play after school and at weekends. Both the nursery and the primary school will benefit from this project as an extension of their efforts to encourage and support outdoor activities and those children with special needs will now have a safe place to enjoy. We all understand this is a big ask but in a

small tight-knit community Colgate is deserving of this much needed addition to community life.

Kind regards
