Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Loss of General Amenity
Comments:	I believe this development would have a significantly detrimental impact on the community and the local environment. This field serves as a vital informal recreational asset for the local community, heavily used by walkers, dog walkers, and families. I feel it's important to maintain this green space and the biodiversity it supports for the local area.

Kind regards
