Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity
Comments:	My objections are:- 1. Traffic problems. The roundabout near to the proposed development is already jammed at rush hour times. It can take me up to 10 minutes to get out of Shepards Way and travel to the roundabout at this time. More cars, and most households now seem to have 2, will only make this problem much worse.

2.Lack of infrastructure. I live in the area and at the moment it is extremely difficult to get a doctor's appointment when I want one. As this is the only doctors in the immediate vicinity more people will just exacerbate the problem.

3.i appreciate that people need homes, but surely there are enough going up outside the immediate area at the moment and if 120 more houses are needed a few could be added to the constructions already being built.

Kind regards
