Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Loss of General Amenity - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	The roads surrounding are already congested. Between 8a.m and 9a.m the queues of traffic stretch from Moorhead roundabout back to Shepherds Way and beyond, this will just get worse. The surrounding roads cannot take anymore traffic. What about our carbon footprint, this development will cause even more pollution. Our wildlife and eco-systems will be impacted even further than

what they are now. We are constantly be advised by Southern Water how to save water, and here you are wanting to build another 120 Houses. We do not have the infrastructure around this area to cope with all these additional families and vehicles. Our schools, doctors surgeries, hospitals and emergency services are already stretched to capacity. 120 houses will spoil the countryside views, it is part of the High Weald National Landscape. Does nobody think about the wildlife this area attracts? Bit by bit we are taking away their habitat. Deer run through this field, birds love the open spaces etc, etc. The amenities for dog walkers is getting more and more like crufts as we are running out of countryside walks. The only thing developers and the farmer whose field this belongs to, is thinking of how much profit they can make.

So I and as many many more people around here OBJECT TO THIS DEVELOPMENT.

Kind regards
