Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment
Comments:	This proposed development is adjacent to an important route between Crawley and Horsham town centre. Crawley Road has become increasingly more busy and used as the preferred route of choice due to the housing development work elsewhere blocking other routes out of Horsham. The traffic flow is constant and becomes congested on a daily basis with the traffic flowing towards Crawley building up from the Moorhead roundabout as far back as the traffic lights at Roffey Corner. There is no room for

any additional point of access to this road as it leads up to the Moorhead roundabout. It would inevitably cause congestion on the busy A264 junction. I see no sense in adding to the problem and for this reason I object to the proposal to build on the farm land on the Old Crawley Road.

Kind regards
