| **RECOMMENDATION:** | Advice |

For the purposes of this application the LHA would comment primarily on Condition 4 which relates to the Construction Environmental Management Plan (CEMP) applied as part of the original Planning Consent.

Areas such as wheel washing and vehicle movements are confirmed within the CEMP. On-site parking has been provided for operatives and visitors on site. The LHA would be satisfied with the proposed CEMP subject to the applicant adhering to the following:

- Endeavour to make site deliveries outside times of peak traffic volume. This should be 08.00-09.00 am and 16.00 to 17.00.
- Ensuring that deliveries to site are kept to their allocated time slots.
