Subject: Tree reduction in conservation area

Good afternoon

I live in West Chiltington in a conservation area and would like permission to reduce 2 large pine trees in my garden.

My postcode is RH202JW and the address is 2 Pickering Cottages.
The trees are pine trees and they are too large for my tiny garden and the other trees are suffering as they do not get enough light. I would like to have them reduced to low tree stumps.

Could you please confirm receipt of this email and I look forward to getting permission to have the tree work done,

Many thanks

Dilys Price
