Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Loss of General Amenity - Overdevelopment
Comments:	A new development in this area would cause a significant rise in traffic, especially as the roads/junctions in the area are currently very busy. There would also be a huge increase in subscriptions to the already over subscribed schools in the area, making it harder for residents already living in catchment.

Kind regards
