Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking
Comments:	180 additional dwellings will put additional pressure on existing infrastructure that just cannot support it. Aside from taking away from our beautiful surroundings, the local schools are already over subscribed and the roads (which are already struggling) will not support the movement of an additional 200+ cars in the local area. Surely there is a better use of existing housing space that could be leveraged before taking away from our natural and beautiful surroundings.

Kind regards
