SUMMARY OF COMMENTS & RECOMMENDATION: The proposal will not harm the setting of the listed building	
MAIN COMMENTS: Dear Alice, I am content the proposal will not harm the setting of the listed college buildings. The proposed buildings and landscape design reflect a twenty first century architecture that continue the principles of the International style. The phase one building will be prominent in the street scene but I am satisfied this will be experienced as part of the established campus with the benefit of sitting within an integral, design led space to reinforce the collegiate spirit. I appreciate the need to phase the works but it is essential that all phases are completed to achieve the aims of the design as a whole. If there is opportunity to facilitate the completion of the scheme through a formal mechanism I suggest we take it. Please let me know if you would like a discussion about conditions relating to architectural detailing. Regards, Seán
