Thank you for requesting advice on this application from Place Services' ecological advice service. This service provides advice to planning officers to inform Horsham District Council planning decisions with regard to potential ecological impacts from development.

Application: DC/26/1183
Location: Land North of Glebe Farm and Kings Barn Lane Kings Barn Lane Steyning West Sussex
Proposal: Non Material Amendment to previously approved application DC/26/0325 (Removal of conditions 19 and 21 (water neutrality) and variation of trigger of Condition 14 (traffic noise mitigation) of planning approval DC/21/2233 (Outline for up to 265 dwellings, demolition of No. 37 Kings Barn Lane to provide new pedestrian/cycle/emergency link, provision of vehicular access from the A283 Steyning by-pass. All matters reserved except for vehicular access from A283)) for approval of additional documents under condition 7 (CEMP: Biodiversity).

Thank you for consulting Place Services on the above Non Material Amendment application. We cannot comment on conditions not related in ecology.

Summary

In Natural England's view the package of ecological resilience measures and proposed licence amendments provides certainty that development in the Sussex North Water Supply Zone (SNWSZ) will not have a likely significant effect on the Arun Valley sites in line with the Habitats Regulations. The long-term solution set out by Natural England and the assessment confirming that development in the SNWSZ will not have a likely significant effect on the Arun Valley Sites means that Natural England has decided to withdraw its September 2021 Position Statement.

Therefore, we support the removal of Conditions 19 and 20 because they are no longer necessary.
