PHLO Comments: 11th February 2024

I met with the applicant on site to discuss this application. I understand that the hut is to be used for food service only with no food preparation or cooking to be undertaken.

This department have no objections to this proposal but make the following comments for consideration by the Planning Department

- A suitable wash hand basin must be provided with adequate supplies of hot and cold, or appropriately mixed, running water. The basin must be connected to the drainage system.

Should you wish to discuss this matter further please do not hesitate to contact me.
