I write as chair of the Ashington school House Trust who are owners of the school attached to this development.

We support the comments by the Parish council and especially to ensure provision to extend the school to a two form entry that would be required with any more houses.

I also write as the LEA Governor to the school and confirm the governing body are also concerned and in addition have concerns for pupil safety should the development be approved

[REDACTED] (Chair of the . Ashington school House Trust)

LEA Governor to the school
