Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other - Overdevelopment
Comments:	The application should be rejected due to the severely limited access both directly to the site and the subsidiary road leading to the site. Additionally there is a lack of local infrastructure to support a development of this nature. I believe this this development also also contravene the strict water neutrality restrictions currently in place with no justifiable reason for granting an exemption.

Kind regards
