Subject: Authorised Site Registration Form - Bat ER Site Registration: ERSR-3274 - Land at Chanctonbury Nursery, Ashington
To: adam (Guest) <adam@ecosupport.co.uk>
Cc: Kevin.Wawman@eliviahomes.co.uk <Kevin.Wawman@eliviahomes.co.uk>

Dear Adam Jessop (BER0207) and Kevin Wawman (Joint Licensee – on behalf of Elivia Homes)

Site: Land at Chanctonbury Nursery, Ashington

Bat ER Site Registration number**:** ERSR-3274

Thank you for submitting your Site Registration Form received on **19/08/2024** for the above site. Based on the information you have provided; Natural England is satisfied that the works fall within the remit of 'WML-CL47 Bat Earned Recognition Class Licence' and that the three licensing tests have been met.

Please accept this email as confirmation that the Site Registration Form for the above referenced site is now registered and you can commence works on site as detailed in your Site Registration request, associated documents and in accordance with Class Licence WML-CL47.

This Authorised Site Registration Form is valid from **07/09/2024** until **09/09/2029**. Please note that we have changed these dates for one or more of the following reasons: to include the appropriate time for monitoring, management and maintenance of the bat roosts and/or due to completing our assessment earlier than the 15 working day decision target.

ADDITIONAL CONDITIONS APPLIED TO THIS SITE REGISTRATION REQUEST*
• None

*The Licence Conditions listed here are in addition to the standard Licence Conditions of the Bat Earned Recognition Mitigation Class Licence (CL47). You MUST adhere to both the standard licence conditions and these additional licence conditions when undertaking works under this Site Registration authorisation.

Please see attached a copy of the Class Licence and your Authorised Site Registration Form for your reference.

You are required to submit a Licence Return Form for Report of Action Form to Natural England within four weeks of completing licensed actions (including capture/take, transport, disturbance of bats, damage and/or destruction of a bat resting place and/or a breeding site) under this licence for each registered site. Where compensation has been provided, the Licensee must submit the Report of Compensation within four weeks of installing the compensation. Where sites have been registered that propose monitoring, the Licensee must submit the survey results, within the same calendar year of completing the survey. In order to submit any of these forms, use this link.

Non-Technical Feedback:

This box is to provide feedback on how to improve your site registration applications in future. These are purely suggestions and are not compulsory, however may make it easier for Natural England to understand what is occurring on site. Please do provide feedback to us, to let us know if this is helpful to you.

- None

What if I need to modify this Authorised Site Registration Form?

- Before you submit a modification request, refer to the Class Licence (e.g. Appendix II) and the Bat ER (Pilot) Overview for ER Consultants (CL47Guidance01) for examples where a modification may be required.
- When submitting a modification, you **must do the following:**
    - Change your response to Q3.2 ;
    - Add your reasoning for a modification to Q3.3.
- Note if you do not do this, you are likely to receive a Further Information Request.
- If you need to submit a modification request, you can either enter the data into the Qualtrics Site Registration form or you can use the following link to re-enter your Site Registration form and resubmit this with all required changes: https://defragroup.eu.qualtrics.com/jfe/form/SV_bIVSMLWibUIyYVE?Q_R=R_23d44VqzOTcaqiZ
- Note that you must only use this link once to resubmit your modification request, you should not submit more than one. If you resubmit a modification request more than once, this is highly likely to cause delays to your application and/or the applications could be deleted.
- You may find the pdf of the Authorised Site Registration useful if you have to complete a modification request.

Charging:

This is a New application that <u>is chargeable</u> – Thank you for your payment of £130 via Gov.UK Pay.

As this Site Registration is subject to charge, any modifications will be charged at £101 p/hr as we cannot know how long it will take to assess. Therefore, when you submit your modification request, you will be asked to provide invoice details so that we can invoice you for this work once we know how much to charge.

Compliance:

Please note that the Bat ER Pilot is ongoing and entails **an increase in the number and extent of compliance checks** by Natural England for authorised Site Registrations. This is to evaluate the effectiveness at maintaining the favourable conservation status of the roosts impacted. This can include a check of the ER Consultant's details, the Survey Report, Report of Action, Report of Compensation, Report of Monitoring (where applicable) and include an email, telephone call and/or site visit. Where a site visit occurs, the presence of the Accredited Consultant is required.

Should you have any queries regarding this Site Registration authorisation, please contact: earnedrecognition.bat@naturalengland.org.uk

Kind regards,

Simon Hughes
