☒ No

Condition(s) - Variation/Removal

Please state why you wish the condition(s) to be removed or changed

The application is made to vary/remove condition 8 relating to water neutrality. The application is made following the withdrawal of Natural England's Position Statement concerning water neutrality.

If you wish the existing condition to be changed, please state how you wish the condition to be varied

This application seeks permission to vary/remove the existing condition relating to water neutrality and replace with a regulatory condition requiring compliance with the Optional Technical Standards of Part G to provide for 110 litres of water per person per day. As is common practice the implication of such a condition would allow the stricter building control regulations to be applied and in light of such, we do not consider that the replacement condition requires any formal discharge but can instead be worded in the manner of a regulatory condition.
