Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Privacy Light and Noise
Comments:	I run the business opposite to this and I find the window graphics to be unsettling and offputting to my customers. Many have commented saying they are an eyesore and the lights at night when they are illuminated are unneccesary and egregious. I would like it noted I am strongly opposed to these graphics being allowed to remain

Kind regards
