Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other - Overdevelopment - Trees and Landscaping
Comments:	I wholeheartedly object to this proposal for development. Whilst there are numerous brownfield sites awaiting redevelopment across the town and district, why tear up more of our countryside? Permanently destroying this green area for short term monetary gain will be a disaster for local wildlife and protected species that

rely on the hornbrook. Expanding the town's urban boundary is completely unnecessary while sites such as the old Novartis site, fire station, etc sit unused and in prime location for transport links and local amenities. The town already struggles with a lack of basic infrastructure such as schools, doctor surgeries, and water supply. Any residents of this proposed development would need to drive to access the town centre and schools. And it's rare for a household to only have one car. This area is a precious green space for wildlife. We do not need more houses here.

Kind regards
