Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Overdevelopment - Trees and Landscaping
Comments:	Living close to the development- it seems that the developers have just tried to fit in as many houses as possible- totally ruining the green farm ecosystem currently there . Whilst I understand the council's obligation to housing increase numbers - redevelopment of the Ciba site has stalled and would be a much better use of a brown site rather than increasing traffic

& pollution on a site currently a wildlife habitat.
Someone needs to give their head a wobble - once these green
spaces have gone they won't come back and our town will
become an urban mess.

Kind regards
