Comments:	Over the past years in this area we have had a considerable amount of land and environmental areas taken for building land. Our environment and rural outlook has been destroyed and we that live very close to purposed site feel that our rural enjoyment is being given over more and more to housing. I fully understand that homes are needed but there should be a balance for the community around the area. More over the traffic on the local roads will increase considerably, pollution and noise levels will become overwhelming.

North Horsham is now unrecognisable to what it was, there has to be a limit and that has now been reached.

Kind regards
