Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other - Overdevelopment - Trees and Landscaping
Comments:	- The proposed development is part of the High Weald National Landscape and will severely impact on the local wildlife, and eco systems, and an area which is used by local residents. - There is already a significant number of new houses being built in North Horsham and this development will put additional pressure on the road system, along with worsening traffic

congestion at Moorhead Roundabout.
- The development will put increased pressure on local infrastructure and services, which is already lacking doctors, dentists, a hospital and emergency services.

Kind regards
