Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Trees and Landscaping
Comments:	It is impossible to make a sensible comment about this application as there is so little detail of what is involved, particularly the position of trees and the size of trees. As a neighbour of the cemetery I may be affected or may not be, I may support or may object to the proposal - without a map and more detail it is impossible to tell. More detail should be provided before this application is approved or denied.

Kind regards
