Comments Details

Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Loss of General Amenity
Comments:	Our previous play area has been removed as it was no longer deemed safe. We need a replacement area for the local children to play, exercise and socialise. This is a modern, sustainable design which would be an excellent addition to the village in an easy to access location.

Kind regards
