Reasons for comment:	- Trees and Landscaping
Comments:	We have lived at the above address for 42 years and am very concerned about the height and condition of the Sycamore trees and the Scots Pine at the bottom of 17 Cedar Close's garden. During Winter storms over the last few years these trees have damaged our shed which is adjacent to our fence. During Storm Eunice in 2015 we really thought the trees were going to fall on 17 Cedar Close. You are welcome to come and view the height of these trees from our garden.

Kind regards
