Reasons for comment:	- Other
Comments:	This would be a great addition to the football pitches. As a regular visitor to watch the football a path would be fantastic, especially in the winter months when the weather is bad and makes the ground soft and muddy where you stand to watch the football. Also the accessibility would be much better for people with disabilities (wheel chair etc) if there was a path. Also having a fence to separate the 2 pitches would also be great as at the moment there

is real risk to young children who also watch the football getting hit by the ball where this fence would stop the risk of the ball hitting a young toddler in the face by accident.

Kind regards
