Comments Details

Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Other - Overdevelopment
Comments:	The site is a productive arable field and part of the High Weald National Landscape. Development would be an unnecessary and inappropriate incursion into the landscape. The proposed development would be a further burden on the already overstretched local infrastructure.

Kind regards
