Date: 14th March 2022

Dear Sir/Madam,

**Town and Country Planning Act 1990 (as amended)  
Town and Country Planning (General Permitted Development) (England) Order 2015  
Application for Prior Approval under Schedule 2, Part 3, Class Q**

**Prior Notification for the change of use of an agricultural building to residential (Class C3) to form 1no. dwellinghouse.**

**Oakwood Farm East Street West Chilmington West Sussex**

Further to the above prior notification which was received on 16 December 2021, I am writing to confirm that **prior approval is required and granted**. The proposal can now proceed subject to the following conditions:

- 1 **Pre-Commencement Condition:** No development shall commence until the following components of a scheme to deal with the risks associated with contamination, (including asbestos contamination), of the site be submitted to and approved, in writing, by the local planning authority:

- (a) A preliminary risk assessment which has identified:
- all previous uses
  - potential contaminants associated with those uses
  - a conceptual model of the site indicating sources, pathways and receptors
  - Potentially unacceptable risks arising from contamination at the site.

The following aspects (b) - (d) shall be dependent on the outcome of the above preliminary risk assessment (a) and may not necessarily be required.

- (b) An intrusive site investigation scheme, based on (a) to provide information for a detailed risk assessment to the degree and nature of the risk posed by any contamination to all receptors that may be affected, including those off site.
- (c) The site investigation results and the detailed risk assessment (b) and, based on these, an options appraisal and remediation strategy giving full details of the remediation measures required and how they are to be undertaken.

The development shall thereafter be carried out in accordance with the approved details. Any changes to these components require the consent of the local planning authority.

Reason: As this matter is fundamental to ensure that no unacceptable risks are caused to humans, controlled waters or the wider environment during and following the development works and to ensure that any pollution is dealt with.

- 2 **Pre-Occupation Condition:** Prior to the first occupation (or use) of any part of the development hereby permitted, a contamination verification plan shall be submitted to and approved, in writing, by the Local Planning Authority. The verification plan shall provide details of the data collected in order to demonstrate that the works set out in Condition 1 are complete and identifying any requirements for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action where required.

Reason: As this matter is fundamental to ensure that no unacceptable risks are caused to humans, controlled waters or the wider environment during and following the development works and to ensure that any pollution is dealt with.

### Schedule of plans/documents

The following plans and document were considered when making the above decision:

| Plan Type              | Description | Drawing Number                            | Received Date |
|------------------------|-------------|-------------------------------------------|---------------|
| Supporting Statement   |             | Preliminary Contamination Risk Assessment | 09.02.2022    |
| Location plan          |             | FE01                                      | 16.12.2021    |
| Elevation & Floor plan | Proposed    | FE02 REV A                                | 16.12.2021    |
| Elevation & Floor plan | Existing    | EX01 REV A                                | 16.12.2021    |
| Supporting Statement   | Planning    | NONE                                      | 16.12.2021    |
| Supporting Statement   |             | Noise Assessment                          | 09.02.2022    |

### Note to Applicant

The Applicant is advised that this decision relates solely to whether the Prior Approval of the Local Planning Authority is required, it does not confirm that the proposal represents Permitted Development.

The site lies within the Sussex North Water Supply Zone where Natural England has advised that water extraction cannot be concluded as having no adverse effect on the integrity of the Arun Valley Special Area Conservation (SAC), the Arun Valley Special protection Area (SPA) and the Arun Valley Ramsar Site.

It is a condition of Permitted Development (Article 3(1) of the Town & Country Planning (General Permitted Development) (England) Order 2015, as amended) that development likely to have a significant effect on a European Site "must not be begun" until an application has been made to Natural England for its opinion as to whether the development is likely to have a relevant effect. Following this an application must be made to the Local Planning Authority for its approval. No development must be begun until the developer has received written notification of the approval of the Local Planning Authority. For further information on this process see Regulations 75 to 77 of the Conservation of Habitats and Species Regulations 2017 (General Development Orders).

The Applicant is advised that any development commenced without compliance with Regulation 75 of the Conservation of Habitats and Species Regulations 2017 would be in breach of the GPDO and would be subject to potential future enforcement action.

Yours faithfully

Emma Parkes  
Head of Development and Building Control

### **Additional Information**

#### Community Infrastructure Levy (CIL)

Horsham District Council has adopted a Community Infrastructure Levy (CIL) Charging Schedule which took effect on 1<sup>st</sup> October 2017. **This development constitutes CIL liable development.**

CIL is a mandatory financial charge on development. To avoid additional financial penalties, the requirements of CIL must be managed before development is commenced (including in the event of any successful appeal).

Payment must be made in accordance with the requirements of the CIL Demand Notice issued.

#### Appeals to the Secretary of State

If you are aggrieved by the decision to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.

You must appeal within 12 weeks of the date of this decision notice for a 'minor commercial' (shop front) application, and within 6 months for most other types of planning applications. There are different timescale – usually 28 days – if an enforcement notice is/has been served for the same (or very similar) land and development. Please note, only the applicant possesses the right of appeal.

Appeals can be made online at: <https://www.gov.uk/planning-inspectorate>. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate ([inquiryappeals@planninginspectorate.gov.uk](mailto:inquiryappeals@planninginspectorate.gov.uk)) at least 10 days before submitting the appeal. Further details are at <https://www.gov.uk/government/collections/casework-dealt-with-by-inquiries>

#### New postal addresses

If this permission relates to new dwellings, commercial premises or other buildings which will require a new postal address you should contact the Council's Street Naming & Numbering Department as soon as possible or before work commences on site. Further details are available on the Street Naming page on the Council's website or alternatively e-mail [streetnaming@horsham.gov.uk](mailto:streetnaming@horsham.gov.uk) or telephone 01403 215139.

#### Waste bins

It is the responsibility of the developer to provide bins for the development. If you are a developer and need to purchase bins, please email [hop.oast.admin@horsham.gov.uk](mailto:hop.oast.admin@horsham.gov.uk).
