Hi Alice,

I can confirm that all materials used in the exterior work with match the existing construction of the original house.

I can also confirm that the roof lights will not project more than 150mm from the original roof slope.

Cheers,

[redacted]

[redacted]

Good morning,

I am the Case Officer for the above application. Please can you provide a response to the two below queries:

1) Will the materials used in any exterior work be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse?
2) Would the rooflights protrude more than 0.15 metres beyond the plane of the slope of the original roof when measured from the perpendicular with the external surface of the original roof?

Kind regards,

[redacted]
Planning Officer
