Comments:

This project will make an extremely negative effect on the village, this will cause more accidents on the roads that are already dangerous even more so if there is more houses it will put pressure on the local roads, the village parking and area is already at a full capacity it will cause a lot of trouble, there is also wildlife that live on the field it will cause severe disruption, it will destroy the scenery and atmosphere on the village as a whole. I strongly disagree with this project.

Kind regards
