DELEGATED APPLICATIONS - ASSESSMENT SHEET

APPLICATION NO./ADDRESS:
DC/25/0541
4 Muggeridge Road, Billingshurst, West Sussex, RH14 9YY

DESCRIPTION:
Erection of single storey rear extension and side garage.

RELEVANT PLANNING HISTORY:
None relevant to this application.

RELEVANT PLANNING POLICIES
The National Planning Policy Framework (NPPF)

Horsham District Planning Framework (2015):
Policy 31 - Green Infrastructure and Biodiversity
Policy 32 - Strategic Policy: The Quality of New Development
Policy 33 - Development Principles
Policy 40 - Sustainable Transport
Policy 41 - Parking

Billingshurst Neighbourhood Plan:
BILL 2: Housing Design and Character

Billingshurst Design Statement

Horsham District Local Plan (2023-40) (Regulation 19):
Policy 9: Water Neutrality
Policy 17: Green Infrastructure and Biodiversity
Policy 19: Development Quality
Policy 20: Development Principles
Policy 21: Heritage Assets and Managing Change within the Historic Environment
Policy 24: Sustainable Transport
Policy 25: Parking
Policy 45: Replacement Dwellings and House Extensions in the Countryside
Policy 46: Ancillary Accommodation

REPRESENTATIONS AND CONSULTATIONS RESPONSES
Where consultation responses have been summarised, it should be noted that Officers have had consideration of the full comments received, which are available to view on the public file at www.horsham.gov.uk.

Consultations:
Southern Water: No Objection, advisory.

Natural England: Standing Advice:-

It cannot be concluded that existing abstraction within the Sussex North Water Supply Zone is not having an adverse effect on the integrity of the Arun Valley SAC/SPA/Ramsar sites. Developments within Sussex North must therefore must not add to this impact and one way of achieving this is to demonstrate water neutrality. The definition of water neutrality is the use of water in the supply area before the development is the same or lower after the development is in place.

To achieve this Natural England is working in partnership with all the relevant authorities to secure water neutrality collectively through a water neutrality strategy. Whilst the strategy is evolving, Natural England advises that decisions on planning applications should await its completion. However, if there are applications which a planning authority deems critical to proceed in the absence of the strategy, then Natural England advises that any application needs to demonstrate water neutrality.

Parish Comments:
No Objection

Representations:
1 representation has been received, supporting the application which would make better use of land on the property also other houses were built with garages.

HUMAN RIGHTS AND EQUALITY:
The application has been considered having regard to Article 1 of the First Protocol of the Human Rights Act 1998, which sets out a person's rights to the peaceful enjoyment of property and Article 8 of the same Act, which sets out their rights in respect to private and family life and for the home. Officers consider that the proposal would not be contrary to the provisions of the above Articles.

The application has also been considered in accordance with Horsham District Council's public sector equality duty, which seeks to prevent unlawful discrimination, to promote equality of opportunity and to foster good relations between people in a diverse community, in accordance with Section 149 of the Equality Act 2010. In this case, the proposal is not anticipated to have any potential impact from an equality perspective.

PLANNING ASSESSMENT:

Character and Appearance

Policies 32 and 33 of the HDPF seek to ensure that development promotes a high standard and quality of design in order to enhance and protect locally distinctive characters. The policies also seek to ensure that the scale, massing and appearance of development relates sympathetically with the built surroundings, landscape, open spaces and routes within and adjoining the site, including any impact on the skyline and important views.

The proposed extension(s) would be clearly subservient with the design, form and scale considered in keeping with the host building and the pattern of surrounding development. It is considered that the proposal would be in keeping with the existing building and would not harm the character or appearance of the wider area. The visual impact of the proposal is therefore acceptable and would accord with the above policies.

Impact on Neighbouring Amenity

Policy 33 of the HDPF states that permission will be granted for development that does not cause unacceptable harm to the amenity of the occupiers/users of nearby properties and land.

It is considered that the siting and layout of the proposed extension and the resulting relationship with adjoining properties and land would be sufficient to prevent any unacceptable harm to neighbouring amenity. It is noted that no neighbouring representations of concern were received.

Water Neutrality

There is no clear or compelling evidence to suggest the nature and scale of the proposed development would result in a more intensive occupation of the dwelling necessitating an increased consumption of water that would result in a significant impact on the Arun Valley SAC, SPA and Ramsar sites, either alone or in combination with other plans and projects. The grant of planning permission would not therefore adversely affect the integrity of these sites or otherwise conflict with policy 31 of the HDPF, NPPF paragraph 180 and the Council's obligations under the Conservation of Habitats and Species Regulations 2017.

Biodiversity Net Gain

In accordance with the Biodiversity Gain Requirements (Exemptions) Regulations 2024, all householder applications are current exempt from the statutory requirement to demonstrate a 10% net gain in biodiversity.

Other Considerations

The comments of Southern Water are noted, and drainage would be addressed through the Building Regulations. It is though noted that the property already features extensive hard surfacing which the proposed extensions would be largely sited over. The extensions would not therefore be expected to result in additional potential for significant levels of surface water over and above the existing arrangement.

Conclusion

The proposal is considered to comply with relevant local and national planning policies and is therefore recommended for approval.

Recommendation: Application Permitted

Conditions:

2 **Standard Time Condition**: The development hereby permitted shall begin before the expiration of three years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

3 **Regulatory Condition**: The materials and finishes of all new external walls, windows and roofs of the development hereby permitted shall match in type, colour and texture those of the existing building.

Reason: In the interests of visual amenity and in accordance with Policy 33 of the Horsham District Planning Framework (2015).

POSITIVE AND PROACTIVE STATEMENT
Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received, in order to be able to, where possible, grant permission.
