Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Overdevelopment - Privacy Light and Noise
Comments:	I disagree with Horsham District Council Consultation that this development will not adversely affect the existing properties. It is a little naive to think that 9 houses with 54 occupants and 18 car parking spaces are not going to create noise and light pollution. Occupants of the properties on North Common will be deprived of their privacy and light in their gardens.

The Bowling Green at Daisy Croft was built subsequent to existing properties and because it is higher causes significant flooding through these gardens.

Since rainfall is increasing with climate change this becomes more of a problem.

In my opinion this development is unsuitable for the area.

Kind regards
