Subject: URGENT FAO A Johnson: Updated information regarding Application DC/24/1711 - Incorrect information sent in Parish Response.

Categories: Consultations

Dear Ms Johnson

The Parish would like to correct an error in there consultation response of the 26th November 2024.

The Parish stated that " but an equine facility where hay was stored in the barn. There was no haymaking undertaken on the property – just storage to feed the occupants horses".

The Council would like to note that ***hay was actually produced on the land***.

Therefore the Parish would like the Planning Officer to disregard the comments regarding no haymaking being undertaken.

If you could publish this amendment to our response on the Planning Portal - that would be helpful.

Should you have any further questions, please do not hesitate to drop me a line.

Kind regards,

Andrew
