Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment
Comments:	This area is an area of outstanding natural beauty with many and diverse wild life that would be adversely affected by any development. There is sufficient development to the North of the dual carriageway to make this development not needed. It will also add substantial traffic to an already busy exit and entrance to Horsham. This is simply a money making exercise for the land owner in an area that needs to be protected a retained in its

current use. Develop in the areas that are already designated not areas of outstanding natural beauty.

Kind regards
