Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	I oppose this proposal for 68 new dwellings. Barns Green is a pretty village in a countryside setting and this development would

sincerely ruin its charm and character that is loved by so many. Not only is the infrastructure to support such developments not in place, but it would cause huge devastation to the existing village landscape. The village has already seen two large scale developments in recent years which has caused a significant increase in the number of cars and traffic in the village (despite many of these dwellings remaining unsold); further development would only increase this further since there are no reliable bus services available. I also fear for the wildlife; the habitat which the ancient hedgerow provides would be destroyed. Please leave our countryside alone! I strongly oppose this proposed application.

Kind regards
