Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment
Comments:	My daughter lives in the village and for many years, I regularly came to visit with the family and enjoyed going to the car show that was held in the field. To lose it as a general amenity would be a shame.

I live in an area that used to be part of Nonsuch Park near Epsom, and it is a really serious example of what overdevelopment can lead to

There are too many cars, nowhere to park and the roads get horribly congested.

I look at the proposal and think that where the entrance to the new development is proposed would become a really bad traffic blacksmith, both during construction and when it is used as the single entry/exit for the housing estate.

It is also very bad for the shop and the pub, which are so important to the life of the village.

When we come to stay, it is impossible for us to get out of the village because we don't drive, and if the shop and/or the pub close, we wouldn't be able to get provisions.

Kind regards
