Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Trees and Landscaping
Comments:	In addition to the surgery on 3 of the maples please can you also complete surgery on the additional maple in the area. It is the maple directly to the west of number 22 and number 24. The tree in question is much larger than the others and now severely overhanging both properties gardens. Whilst you are completing work in the area please can this tree also be included Many thanks.

Kind regards
