Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Loss of General Amenity - Overdevelopment
Comments:	I would like to object to this planning application. It is an over development of the village. The access on to Chapel Road will cause congestion as well as being unsafe due to its position opposite the Queens Head , the village shop and the new build property behind the village shop. The village infrastructure in its current form cannot cope with the current number of properties. The sewerage system is at or above capacity, with Southern Water regularly discharging into Parsons Brook. Southern Water have already announced their decision to

close the Itchingfield treatment works and use the Barns Green works to cover Itchingfield. An extra 31 houses will extenuate this problem even further. We then have to consider the water run off when we have heavy rain which has caused flooding in the shop in the past. Tarmacing over fields that help to soak up some of the water will make the problem worse.

Where did you hear about this application?	Word of Mouth
