Horsham District Council

DELEGATED APPLICATIONS - ASSESSMENT SHEET

APPLICATION NO./ADDRESS:
DC/25/0750
42 Churchill Avenue, Horsham, West Sussex, RH12 2JR

DESCRIPTION:
Demolition of existing garage and erection of a two storey garage side extension with mezzanine floor and a single storey rear extension.

RELEVANT PLANNING HISTORY:

HU/68/56	Garage. (From old Planning History)	Application 10.04.1956	Permitted	on
HU/142/87	Single storey extension. (From old Planning History)	Application 23.06.1987	Permitted	on

RELEVANT PLANNING POLICIES
The National Planning Policy Framework (NPPF)

Horsham District Planning Framework (2015):
Policy 25 - Strategic Policy: The Natural Environment and Landscape Character
Policy 26 - Strategic Policy: Countryside Protection
Policy 28 - Replacement Dwellings and House Extensions in the Countryside
Policy 31 - Green Infrastructure and Biodiversity
Policy 32 - Strategic Policy: The Quality of New Development
Policy 33 - Development Principles
Policy 34 - Cultural and Heritage Assets
Policy 40 - Sustainable Transport
Policy 41 - Parking

Horsham Blueprint Business Neighbourhood Plan (HBBNP) 2019 - 2036:
Policy HB3 - Character of Development
Policy HB4 - Design of Development

Horsham District Local Plan (2023-40) (Regulation 19):
Policy 9: Water Neutrality
Policy 17: Green Infrastructure and Biodiversity
Policy 19: Development Quality
Policy 20: Development Principles
Policy 21: Heritage Assets and Managing Change within the Historic Environment
Policy 24: Sustainable Transport
Policy 25: Parking
Policy 45: Replacement Dwellings and House Extensions in the Countryside
Policy 46: Ancillary Accommodation

Parish Design Statement:

REPRESENTATIONS AND CONSULTATIONS RESPONSES
Where consultation responses have been summarised, it should be noted that Officers have had consideration of the full comments received, which are available to view on the public file at www.horsham.gov.uk.

Consultations:

Horsham District Council (Arboriculture):
The property abuts the Council owned Victory Road Recreation Ground.

Within the recreation ground, immediately adjacent to and running along the NE fenced boundary is a belt of trees and vegetation that provide some seclusion to the subject property from the adjacent access path and associated recreational use.

Most of the trees are of relatively small stature and apart from the ongoing civil right to maintain by pruning back to the boundary, which the proposals close proximity would likely exacerbate, are unlikely to be significantly impacted upon by the development proposals.

Either end of the tree belt are two mature oak trees. The key rooting areas of neither tree will foreseeably be directly impacted upon by the proposal.

Southern Water:
Southern Water has determined that the flow rate for the above site will remain consistent, so capacity is not an issue and no Southern Water assets will be affected. Therefore, Southern Water has no objections to this proposal.

Please note surface water should not be disposed of into a public foul sewer and must comply with the Hierarchy of H3 of the Building Regulations. For more details, refer to the Drainage and Waste Disposal: Approved Document H on the GOV.UK website**.**

Natural England: Standing Advice:-
It cannot be concluded that existing abstraction within the Sussex North Water Supply Zone is not having an adverse effect on the integrity of the Arun Valley SAC/SPA/Ramsar sites. Developments within Sussex North must therefore must not add to this impact and one way of achieving this is to demonstrate water neutrality. The definition of water neutrality is the use of water in the supply area before the development is the same or lower after the development is in place.

To achieve this Natural England is working in partnership with all the relevant authorities to secure water neutrality collectively through a water neutrality strategy. Whilst the strategy is evolving, Natural England advises that decisions on planning applications should await its completion. However, if there are applications which a planning authority deems critical to proceed in the absence of the strategy, then Natural England advises that any application needs to demonstrate water neutrality.

Parish Comments:
No Objection

Representations:
None received

HUMAN RIGHTS AND EQUALITY:

The application has been considered having regard to Article 1 of the First Protocol of the Human Rights Act 1998, which sets out a person's rights to the peaceful enjoyment of property and Article 8 of the same Act, which sets out their rights in respect to private and family life and for the home. Officers consider that the proposal would not be contrary to the provisions of the above Articles.

The application has also been considered in accordance with Horsham District Council's public sector equality duty, which seeks to prevent unlawful discrimination, to promote equality of opportunity and to foster good relations between people in a diverse community, in accordance with Section 149 of the Equality Act 2010. In this case, the proposal is not anticipated to have any potential impact from an equality perspective.

PLANNING ASSESSMENT:

This application is for the demolition of existing garage and erection of a two storey garage side extension with mezzanine floor and a single storey rear extension at 42 Churchill Avenue, Horsham, West Sussex.

The application has been assessed on the basis of the submitted details, together with the planning history of the site and adjoining properties, available images and photographs supplied by the agent. These details were considered sufficient to allow the application to be properly considered and determined.

Character and Appearance

Policies 32 and 33 of the HDPF seek to ensure that development promotes a high standard and quality of design in order to enhance and protect locally distinctive characters. The policies also seek to ensure that the scale, massing and appearance of development relates sympathetically with the built surroundings, landscape, open spaces and routes within and adjoining the site, including any impact on the skyline and important views.

Policy HB3 and HB4 of the HBBNP cover the design and character of development within Horsham which is supported by the neighbourhood councils of Forest, Denne and Trafalgar. It advocates for high quality design and construction that integrates with its surroundings whilst minimising impact on natural environments. It should reflect the character and architectural forms of the area in order to protect against inappropriate design.

The proposal sees the demolition of existing garage and erection of a two-storey garage side extension with mezzanine floor and a single storey rear extension at 42 Churchill Avenue. The existing garage is replaced by a larger two-story extension that gives the appearance of a first-floor extension to the existing property which is to serve a mezzanine. The garage will also have an extension to the rear for a workshop to finish with the current rear projection of the building. The proposal is considered to neatly tie into the existing dwelling. No internal links are proposed.

The proposal would be a clearly subservient addition and is considered to be of a design, form and scale which is appropriate to the character and appearance of the existing dwelling, and which would not harm the character or appearance of the wider area. It is therefore considered that the visual impact of the proposal is acceptable and would accord with the above policies.

In addition to the above, the Council's Arboricultural Officer has advised that the development would not adversely impact on the long-term health or condition of the adjacent trees on the northern boundary to the site.

Impact on Neighbouring Amenity

Policy 33 of the HDPF states that permission will be granted for development that does not cause unacceptable harm to the amenity of the occupiers/users of nearby properties and land.

It is considered that the siting and layout of the proposed extension and the resulting relationship with adjoining properties would be sufficient to prevent any unacceptable harm to neighbouring amenity.

Water Neutrality

There is no clear or compelling evidence to suggest the nature and scale of the proposed development would result in a more intensive occupation of the dwelling necessitating an increased consumption of water that would result in a significant impact on the Arun Valley SAC, SPA and Ramsar sites, either alone or in combination with other plans and projects. The grant of planning permission would not therefore adversely affect the integrity of these sites or otherwise conflict with policy 31 of the HDPF, NPPF paragraph 193 and the Council's obligations under the Conservation of Habitats and Species Regulations 2017.

Biodiversity Net Gain

In accordance with the Biodiversity Gain Requirements (Exemptions) Regulations 2024, all householder applications are current exempt from the statutory requirement to demonstrate a 10% net gain in biodiversity.

Conclusion

The proposal is considered to comply with relevant local and national planning policies and is therefore recommended for approval.

Recommendation: Application Permitted

Conditions:

2 **Standard Time Condition**: The development hereby permitted shall begin before the expiration of three years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

3 **Regulatory Condition**: The materials and finishes of all new external walls, windows and roofs of the development hereby permitted shall match in type, colour and texture those of the existing building.

Reason: In the interests of visual amenity and in accordance with Policy 33 of the Horsham District Planning Framework (2015).

POSITIVE AND PROACTIVE STATEMENT
Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received, in order to be able to, where possible, grant permission.
