[redacted] [redacted]

Good morning,
I'm unsure if this should come directly to you or to the tree department at West Sussex. Please let me now if I need to send it somewhere else?
We recently had a tree survey completed due the new building work that is taking place in September 2025 and the two tree where flagged. I have also asked John Burrell to take a look and he confirmed that both tree were diseased. Please see the attached application.
Many thanks,
Becky.
