Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Design
Comments:	I am in support of the proposal - i feel it is in-keeping with the main dwelling and general style of the area. Several other properties in the immediate vicinity have garages or buildings at the front of the plot. This particular site - the garage is set a couple of metres lower than Bracken Lane & in conjunction with the tree screening, the garage will be largely obscured.

Kind regards
