Subject: DC-26-0802 - Rowanhurst, Cox Green, Rudgwick

Hi Sam,

The Trees team have been consulted on the above application for a garage to the front of the site. I can confirm that the vegetation present as a buffer to the road does not contain any individual trees of merit. Nonetheless, if minded to approve, I recommend that you retain control of the retention/replacement of the roadside hedge planting by condition, to maintain a verdant appearance to the street scene.

Regards

Andy
