Address:	2 Highcroft Windmill Lane Henfield

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment - Privacy Light and Noise
Comments:	Works have been underway at sandpits for many many months and during this time noise starts, including at the weekend before 8 am. The owner has no consideration to neighbours whatsoever with this noise and the noise has affected myself and my partner who work long hours during the week as well as my b&b business because I have received complaints. This area of the village is meant to be peaceful and tranquil on the edge of a conservation area! More extensive works will prolong this inconsiderate behaviour. The workmen play loud music and use vulgar language, [redacted]. I have a balcony that overlooks sandpits, so I am very much disturbed by this as can hear every single word, let alone constant construction noise. In the winter when the trees thin, I will be able to see all of this overdevelopment and am concerned about my privacy too. [redacted] I am very concerned my privacy will be threatened by additional windows at Sandpits.

In addition to this Windmill lane is a rough, narrow unadopted track and the constant lorries and material deliveries have damaged the track. I have witnessed hedge damage as these vehicles which are too large for the access have been forced through by the owner of sandpits guiding them through.

Kind regards
