Description of Proposed Works

Please describe the proposed works

Installing a new metal fence along the front boundary of our property. The height will be 76 cm above ground level. The design has been chosen to maintain the visibility and openness of the alley. The material and colour are in line with similar fences used in our area. The design provides privacy and security by discouraging trespass, while remaining visually sympathetic to the local area.

NB- We completed the work in accordance with our original plans .At that time, we were not aware that planning permission was required for this type of work. As soon as we became aware that permission is necessary we began the process of regularising the situation and we are now submitting this retrospective application in good faith.
