Customer Details

Address:	10 Station Road Billingshurst

Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Highway Access and Parking
Comments:	I am still unclear on a couple of points that have not been addressed Why has the site been granted a parking space in our private lane? This is not legal!!!! How will the fencing needed around the root of the tree allow for vehicular access from the lane? It's the only way for us to access the main road? How will access to the main road be possible with building materials etc being offloaded from the narrow private lane when it

is not wide enough to overtake? It's crucial we have some understanding on this matter as dementia patients are dropped down that lane to access their day care at number 10 so the lane must be kept free of vehicles for this to continue (they are not physically able to walk down the lane to access number 10) The Tapestry Day club runs Tuesdays and Thursdays from this site with clients being dropped off and collected throughout the day. It is a huge concern for the company and it would be much appreciated if these points could be considered and responded to.

Kind regards
